

## Features and Benefits

The Floor Mounted Modular Wall Frame compliments perfectly the Molex RAA-0002 or equivalent open bay rack by neatly integrating the fitment of patch cords to patch panels while retaining the required bend radius for optimal performance.

- Fits EIA standard 19" Open Bay Racks
- Allows for upgrading current installations while maintaining current investment in hardware
- Maximises Building Infrastructure
- Excels in space utilisation, by increasing density and freeing up valuable floor space
- Strong & Flexible Poly Carbonate Finger Guides
- Robust but light weight construction holds cables perfectly aligned against each individual patch panel maintain critical bend radii. Smooth edges prevents cable snares and cuts
- Snap Grooved Finger Guides allow easy modification to 2/3 U configuration. With replacements Finger Guides ensures ongoing flexibility for future fit-out requirements
- Cable Retainers click on to the end of finger guides, ideal for holding cables horizontally in place while undertaking maintenance
- A quick lock door allows for fast easy access by allowing instantaneous left or right door opening with flush mounted handles
- Quick Fit Spool which allows easy single handed fit and removal of spools saving time and effort Modular Design
- The design allows flexibility in fit out with additional spools and door kits available
