

Features and Benefits

Molex's Modular Splice Cassette is an excellent way of managing vulnerable optical fibres, protecting them from dust and damage as a result from routine maintenance. The modular design is upgradeable and reuse-able. The Cassette is available in a number of pre-loaded kits or in a unloaded configuration.

- Fully integrated into Molex's Specification Grade Enclosures
- Maximises Density – Maximum 24 Fibre Capacity
- Integrated Cable Management – prevents damage and ease of control
- Provides Perfect Bend Radius for splices
- Various Splice Holders are available
- Available in Kit format which include cassette, cover, adapter plate, pigtails, splice holders and splice protectors
- Available in components for mix/match or retrofit installs
- Cost Effective
