Highlights

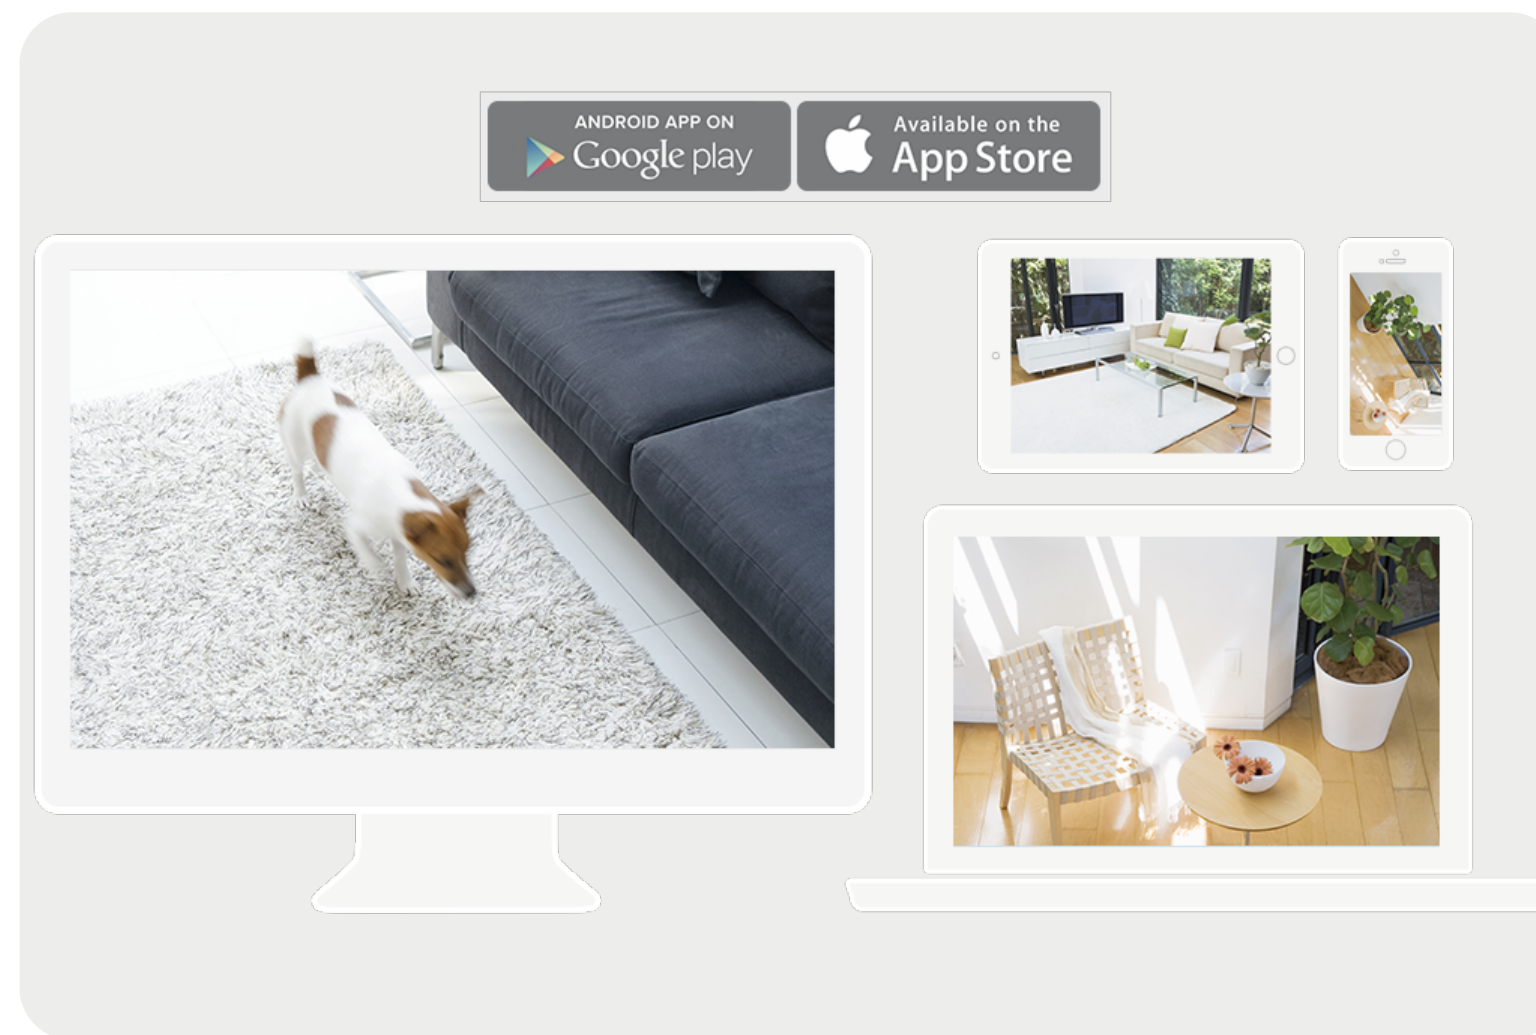

Stay Connected and Secure

The NC450 helps you look after what matters most. With its smooth and durable Pan/Tilt, you can turn the camera to almost any position you want to view HD video from your smartphone, tablet or laptop, and its Night Vision mode helps you keep track of things in the dark. For peace of mind, the camera can send you email and smartphone alerts when it detects motion or sound.

Anywhere, Anytime Access

The tpCamera app and tplinkcloud.com web portal allows you to take control of your Wi-Fi camera anywhere, anytime over the internet. View live feed, record videos, and snap pictures to your heart's desire. You can also use the tpCamera app to view pictures and videos you've saved or check those that have been triggered by motion or sound detection. Check what's happening and never miss a special moment, even when you're not on the scene.
