EEC210

Collection Station

Features

- Support 20 devices synchronized charging and data uploading, give priority to collection
- Display access status or location of the connected device on touch screen
- Support automatically delete the data in the device after the data uploading
- Support data classification query, playback and key marking.
- Support manually or automatically upload the data from collection station to server.
- Support device parameter setting, automated time correction
- User permission management, log management.
- Collection station support remote update through server and support device update manually or automatically.
- Support fault alarm function when network interruption or storage abnormal happens.

EEC210

Technical Specifications

Model	EEC210
Screen	LED 19-inch，resolution:1280*1024
Contrast	1000:1
Color	16.7M
Brightness	250cd/㎡
Touch screen	Adopt four-wire resistive touch screen (can be touched by any object, water/oil/dust proof)
System HDD	SATA
Main board	self-innovate board
CPU	Intel Celeron G3900 @2.8GHz
Flash	4G DDR
HDD slot	6 3.5-inch HDD slot
Storage	1 Standard 2T HDD
RAID	optional
Ethernet	3 RJ-45 ports(1000Mbps)
USB	2 USB3.0
USB in cabin	20* Mini USB2.0,
Power supply	100V~240V (AC)
Access	20 channels
Slot	Grid layout
Operating System	Embedded WIN 7 32 bit
Working noise	50dB
Working environment	-10°C ~+50°C
Temperature for storage	-25°C ~+60°C
Dimension	1525*570*453mm
IP	IP20, anti-vibration, shock-resistant
Loudspeaker	2 ports, 5W
Application	Widely used in traffic police, police, customs, security and other fields
